Zone OCR Plug-in™

Automatically Process Forms with Zone OCR

✦ *Fast, simplified forms processing*

✦ *Combine Zone OCR with manual indexing*

✦ *Reduce manual data entry costs*

✦ *Read up to 32 zones on each form*

Dramatically increase your forms processing speed with the LaserFiche Zone OCR Plug-in. Now organizations working with large quantities of forms have the power to extract text, create indexes, and populate template fields automatically. The Zone OCR Plug-in is a must for any organization that wants to reduce manual data entry time and automate forms processing.

Intuitive Configuration and Operation

To start, set the readable area of a form by specifying the measurements. Afterwards, set minimum standards for the OCR process so that LaserFiche warns you if any form is not up to par. Now, simply scan the forms and let LaserFiche automatically extract text and populate template fields. It's that easy.

Zone OCR Highlights

✦ Process large volumes of forms in a fraction of the time it would take for manual indexing

✦ Read specified zones in forms or combine Zone OCR with manual indexing

✦ OCR up to 32 zones on each form

✦ LaserFiche warns you if a form does not meet pre-set criteria

✦ Zone OCR can read typed, dot matrix, and laser quality print
